Dear President Landsman:

Enclosed is the NAACLS Board of Directors' official accreditation award for your Medical Laboratory Scientist program from the September 29, 2017 meeting.

The Board of Directors' award is based on the continuing accreditation review process that included a site visit of your program during spring of 2017.

Accreditation for your program will continue until October 31, 2027. As a result, your program will commence renewal of accreditation with submission of the Self-Study Report on October 1, 2026 and the scheduling of a site visit during spring of 2027. We provide this information to assist you in your program's administrative and financial planning.

This letter and the accompanying award represent formal accreditation by NAACLS. The NAACLS Certificate of Accreditation will be forwarded to the Program Director.

Sincerely,

A handwritten signature in blue ink, appearing to read "Yasmen Simonian", is written over a light blue circular background.
