Dear Dr. Nemykin,

Thank you for your request for verification of your status as an American Chemical Society approved program. The chemistry program within the Department of Chemistry at the University of Tennessee, Knoxville has maintained its ACS approval consistently since 1941! Approved programs are asked to submit reports every 6 years to reaffirm their approval status. Your 2015 periodic report was reviewed by the ACS Committee on Professional Training (CPT) and, at that time, the reviewers recommended that approval be continued. The program's next report is due this month and will be reviewed in March 2023.

Please let me know if you have any questions or concerns.

Sincerely,

Michelle M. Brooks, Ph.D.  
Senior Manager, Office of Higher Education  
Staff Liaison, Committee on Professional Training
